Clashes with China on the border also suggest rising geopolitical risks in the Asian region

PRESS TRUST OF INDIA New Delhi, June 22

MOODY'S INVESTORS SER-VICE on Monday projected the Indian economy to shrink 3.1% in 2020 and said clashes with China on the border also suggest rising geopolitical risks in the Asian region where countries are particularly vulnerable to changes in geopolitical dynamics.

While it pegged India's annual growth at 0.2% in April, the forecast has been sharply revised after taking into consideration the disruptions due to the coronavirus pandemic.

However, Moody's expects the economy to register 6.9% growth in 2021.

In its June update to Global

followed by a strong rebound of 7.1% in 2021, it added.

According to Moody's, a rebound in demand would determine the ability of businesses and labour markets to recover from the shock.

"Asian countries are particularly vulnerable to changes in geopolitical dynamics. The rise in tensions between China and countries bordering the South China Sea and clashes on the border with India suggest that geopolitical risks are rising for the entire region," it said.

Last week, 20 Indian army personnel, including a colonel, were killed in a violent confrontation with Chinese troops in the Galwan Valley in eastern Ladakh, which has increased border tensions between the two countries. Moody's expect G-20 economies to contract by 4.6% in 2020 as a whole, followed by 5.2% growth in 2021.

Earlier this month, Moody's had cut India's credit rating by a notch to lowest investment grade 'Baa3'citing challenges in implementing policies to boost growth and restrict fiscal slippage.

Trai asks telcos to ensure time-bound registration of entities for bulk SMSes

PRESS TRUST OF INDIA New Delhi, June 22

TRAI HAS DIRECTED telcos to ensure a time-bound registration of entities that send out bulk commercial messages to consumers and has allowed government entities easy provisional registration for now with a deadline of July 31 to regularise the same.

"Incidents have come to the notice of Trai that telecom service providers are taking too much time for the registration of the entities and headers resulting in disruption in sending the SMS. It has also been brought to the notice that many government entities are also not able to send the SMS as they are not able to get their headers registered,"

The regulator has now issued directions to all operators to ensure that registration of commercial entities and assignment of headers is done on a "priority basis" within seven days subject to fulfilment of formalities by concerned entities.

"All such government entities have been permitted time till July 31, 2020 to complete all formalities and regularise their registration including headers so assigned provisionally. This will address concerns of all government agencies," it said. Trai's move is expected to
